

So You Can Do the Things You Love to Do.

When joint or low back pain forces you to give up the activities you love, it's time to turn to the physicians at **Midwest Orthopaedics at Rush**.

MOR physicians have been pioneers in the field of orthopaedic medicine, in particular joint replacement and spine care. They offer the most advanced and innovative surgical techniques including hip resurfacing, minimally invasive joint replacement and disc replacement surgery. These procedures not only help patients return to normal daily activities, but to fulfill lifelong ambitions as well (*including a round at the Old Course*).

For more information, visit www.rushortho.com/golf.

U.S. News & World Report ranks the orthopaedic program at RUSH University Medical Center as #8 in the nation and is the top-ranked program in Illinois.
